

DELTA

SUPPLIES & SERVICES

DELTA

SUPPLIES & SERVICES

We project ourselves as a reliable and strategic marketer for different industrial sectors.

OUR GOAL

It is to provide comprehensive solutions that cover everything from high-performance products to specialized tools and equipment, always ensuring quality, support and availability.

We distinguish ourselves by offering a broad and diversified portfolio, capable of responding to the needs of companies that require electrical, automation, instrumentation, safety, maintenance and other supplies. With this, we seek to make it easier for our customers to acquire essential products for their operations, reducing times, optimizing processes and guaranteeing efficiency in each project.

At Delta Supplies and Services, we work with a philosophy focused on innovation, trust and personalized service. We are committed to establishing long-term relationships with customers and suppliers, based on:
TRANSPARENCY, PUNCTUALITY AND SOLUTIONS that generate real value.

More than a marketer, we are a strategic ally that drives the productivity and growth of the organizations with which we collaborate
